MARTIN INDICTMENT MAY BE SET ASIDE

Prejudice of One Grand Juror Is Intimated

"Unless it is found that the disqualification of one grand juror is not sufficient to set aside an indictment, I am inclined to believe that I will grant the motion in this case," said Superior Judge W. S. Wells of Contra Costa county this morning, sitting in Superior Judge Harris' department of the local courts in the hearing of the motion of Mrs. Isabella Martin to set aside the indictment found against her by the grand jury, charging her with attempting to blow up the home of Superior Judge Ogden.

FOUR JURYMEN NOW SELECTED TO TRY WILKINS FOR MURDER

Jamison, Thomas McGinnis and George T. Burtchell. At the rate the securing of jurors is now going on it will take several days to impanel a jury.

"POLITICS" SAYS THE JUROR

Trial Begins Today—Attorney Ach Objects to Proceeding Because Supreme Court Has Been Appealed To.

(Special to The Tribune.)
SAN FRANCISCO, April 7.—Percy Beamish of 242 Divisadero street, was the first venireman examined this morning in the attempt to secure a jury to try Abraham Ruef on the charge of bribery in the Parkside railway franchise case. He was on the stand for two hours, was several times examined by counsel on both sides, and was finally challenged by Heney for the prosecution because, aside from the fact that he had formed an opinion in the case, he was decidedly of the opinion that the graft prosecution was inspired by politics and was injurious to San Francisco.

ACH MAKES OBJECTION

The trial of Ruef was commenced this morning in the Superior Court, Judge Maurice T. Doelling of San Benito county sitting for Judge Dunne. The prosecution was represented by District Attorney Langdon and Assistant District Attorney Heney. The defendant was attended by Attorney A. C. Chapman of Oakland and Francis Murphy.

BIAS, SAYS CALHOUN'S LAWYER IS BALM FOR BOB

Files Motion to Set Aside Indictments, Alleging That Grand Jurors Were Prejudiced.

(Special to The Tribune.)
SAN FRANCISCO, April 7.—Attorney A. A. Moore, representing Patrick Calhoun and T. L. Ford, who were recently indicted by the present grand jury in connection with the alleged trolley bribery, filed this morning motions to set aside the indictments against his clients. He stated to the court that it was his desire that the testimony in connection with the motions be not taken until after trial of T. L. Ford, which is to begin on Thursday. His reason for this was that it might have an influence upon the Ford jury.

Judge Lawlor consented to the filing of the motion, and put the matter over until Saturday, it being his desire to hear it after the jury in the Ford case is locked up at the Fairmont Hotel. In order that Abraham Ruef might have an opportunity to act in the same connection, as he also is indicted with Calhoun and Ford, he was directed to appear in court at 4 o'clock this afternoon.

CURIOUS WILLS OF JOS. BOARDMAN BEFORE COURT

Testimony Given Before Judge Wm. Waste This Morning That He Was Not of Sound Mind.

The contest to one of the many wills of the late Joseph Boardman was commenced in the Superior Court before Judge William H. Waste, this morning. Attorney Robert M. Fitzgerald representing the widow, Mrs. Manche Boardman and her minor daughter.

The will, which is dated December 18, 1902, is offered for probate by a man named Savage who is in nowise related to either Boardman or the latter's relatives.

Mr. Boardman died leaving a widow and child and no other kin. The will which is presented for probate today was made when Mr. Boardman had a mania for making wills, of which he made a countless number, containing almost as many different ideas.

The widow gathered together all wills made by Mr. Boardman, save those he had destroyed and she presented them to the court.

Mrs. Boardman and her attorney felt that Boardman was entirely too incompetent to make these wills and therefore she desired the estate to be administered upon according to the laws of California. Acting upon this theory, her attorney, R. M. Fitzgerald, presented the matter to the court. While the estate was being administered, William Savage, an outsider, who was casually mentioned in one of the wills, now comes into the court and is attempting to practically wrest the estate from the widow and her daughter.

Mr. Savage wants to give the widow \$150 a month providing she remains single and nothing to the child. It may be mentioned that the only connection Savage ever had with Boardman in his lifetime was that once upon a time he was the old man's tenant. Attorney Fitzgerald made the opening statement for the widow and child this morning.

During the morning session of the court, George W. Baker, Frank J. Woodward, N. C. Babbitt, William P. Grant, A. J. Snyder and William T. Anderson all testified that at the time Boardman was making these curious wills he was absolutely of unsound mind. The case will go on this afternoon at 2 o'clock.

EXPECT FRENCH CAR TO ARRIVE THIS AFTERNOON

American Car Reached Valdez Yesterday

SAN JOSE, Cal., April 7.—The French car arrived in this city at 1:19, having made the distance from Los Angeles in 34 hours. The party will take dinner here and later continue the trip to San Francisco, where they will arrive late this afternoon.

The French car, De Dion, third in the international New York-to-Paris race, arrived at 1 o'clock this morning, passed through Redwood 22 miles south of Oakland, on its way north from Los Angeles.

It was making fast time, but broke down two hours later, 13 miles south of Gonzales, and it was nearly 10 o'clock before St. Clair, Chaufrey and Austrom, the famous Frenchmen in charge of the De Dion in this race, were able to fix the car, and proceed on their way northwest to Chualar.

The car, if it encounters no rough roads and makes fair time, should make the trip from Oakland to San Francisco in five hours, steady running, which makes them due at the corner of Twelfth street and Broadway at about 5 o'clock this afternoon. The car is expected to arrive at about 10 o'clock on the morning of the break-down this morning.

The French car has had rough luck nearly all the way, being snow-bound and delayed by terrible blizzards in Wyoming, and St. Clair, Chaufrey and Austrom were nearly choked out of the desert from sand storms coming over the desert from Goldfield, Nevada, through Death Valley.

De Dion's Hard Luck.

They got through Los Angeles all right, but broke down again shortly after leaving. Bakersfield last Saturday morning, and they were stalled until Sunday morning at 10 o'clock, 50 miles south of Fresno. These recent delays have banished all hopes of the French car here.

St. Clair had thought that he would be able to make the distance from San Jose to Oakland before this morning.

The Italian car, which arrived here at 9:25 o'clock, 13 hours from San Francisco, this afternoon on the steamer Alaska, casting off from Pier No. 42 at 1 o'clock.

The Italian car goes direct to Yokohama, Japan, thence across by boat again to Vladivostok, and from there will start on the last and longest land trip of the journey, a rough Siberia, across the Caucasus.

POLLARD'S WIFE NOT AFRAID

All Smiles in Court, Ready to Defend Herself Against Charge of Shooting the Actor.

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 7.—Encouraged by reports from Dr. Goodale to the effect that her husband, Harry Pollard, the actor, is rapidly recovering from his wounds, Mrs. Zena Pollard appeared smiling and even cheerful in Police Judge Shortall's court this morning. She has retained Attorney Walter Thompson to defend her and she stated that she would be ready to proceed with the trial of the case tomorrow.

Assistant District Attorney Duke claims that he will be able to produce Pollard in court tomorrow and will rely greatly upon his testimony to convict her of the shooting.

Mrs. Pollard is sanguine of the result, however, as her husband still maintains that the shooting was accidental.

Judge Shortall today fixed the bond at \$5000 or \$1500 cash.

MRS. MARTIN

(Continued from Page 1.)

to serve on the grand jury at the time that the true bill was found against Mrs. Martin, claiming that her mind was prejudiced against the defendant at the time they heard the testimony against her. The arguments pro and con will be made next Saturday morning. After Attorney Erick had made his challenges the case was continued until that time.

When court convened Attorney Erick made a motion to strike out the testimony of Grand Jurors W. H. Taylor and George W. Smith, in which they told of the number of ballots that had been cast in the grand jury room at the time that the indictment was found against Mrs. Martin. The motion was denied and an exception was taken by the defense.

Erick then challenged Grand Jurors J. P. Taylor, Leimer and Landreth, claiming prejudice against the defendant. He also challenged the right of the grand jury to act in the case, claiming that Mrs. Martin had not been held over to the grand jury by any committing magistrate.

Assistant District Attorney Hynes, who is handling the prosecution, declared that he was not ready to argue against the motion to set aside the indictment and he asked for a continuance. Hynes also said that he was not familiar with the testimony of J. P. Taylor and he asked that a copy of the testimony be made, but it is feared that they will encounter hard going on the Tamm and Tulon rivers.

A dispatch received in Oakland at 1:30 o'clock today states that the French car passed through Gilroy at 12:15 o'clock.

The American report clear roads, chilly weather, but no prospects of heavy snow over their route north. The French car is expected to arrive at about 10 o'clock on the morning of the break-down this morning.

The French car has had rough luck nearly all the way, being snow-bound and delayed by terrible blizzards in Wyoming, and St. Clair, Chaufrey and Austrom were nearly choked out of the desert from sand storms coming over the desert from Goldfield, Nevada, through Death Valley.

De Dion's Hard Luck.

AUTO HITS BUGGY

(Continued from Page 1.)

The collision. The wind was blowing a gale and great clouds of dust obscured the view. Coming up behind, McCabe and Mrs. Conway on their way to the Havens home, saw the buggy ahead.

McCabe tooted his horn, but, owing to the force of the wind, he was nearly upon them before they heard it. Mrs. McCabe turned wide, intending to drive into the driveway, but her horse, which was concealed from the chauffeur's view, when her horse became frightened and kept edging in the wrong direction. An accident was inevitable.

McCabe alone, or to the auto and buggy. McCabe chose to sacrifice himself and, turning quickly, he about to pass the buggy. He had cleared most of it with his car, which was headed for a ditch, when his hind gear caught in the wheels of the buggy, overturning it and throwing out its occupants.

The auto then plunked ahead into the telephone pole and was wrecked. Mr. C. C. Havens was notified and hastened to Fabiola Hospital, where everything possible was done to save McCabe and Mrs. Conway. Dr. A. K. Crawford was summoned to the McClure home and attended to Mrs. McClure and her daughter.

It was stated late this afternoon that Mrs. Conway was probably fatally hurt. Mrs. McClure, 3775 Piedmont avenue, an electrician, and the daughter of Mrs. A. R. MacMillen, who had just come from New York to visit her.

Mrs. MacMillen, who was in the buggy with Mrs. McClure at the time of the accident, was about to pass the buggy. "Her machine stands on Piedmont, facing Lull street, and we had just turned across the creek tracks to drive to the 'Y' when the automobile struck us. Our buggy at the time was about twenty-five feet from the auto.

"The machine came tearing down on us. I know it was on the left side of the road, because marks in the clear mud show that it struck the buggy on the left side of the road."

"The machine was traveling at such a terrific pace that we had no warning. There was a roar, the horse got scared and jumped into a pole at the edge of the sidewalk, the machine struck the buggy and threw my daughter and me out with awful force."

"My daughter was so badly injured that she may die. I am badly shaken up, though not seriously hurt."

Sam Bell McKee Declares Rumor Is Unfounded.

The rumored engagement of Miss Amy McKee and Etienne Lanel, French consul general to New York, is denied today by Sam Bell McKee. Miss McKee is at her home in Vernon Heights. LECTURES ON USES
OF GEOGRAPHY
IN SCHOOLS

—Dorsey, Photo.
PROF. R. G. BOONE

Urges Better Methods of Teaching
Children in the
Schools.

"The School Uses of Geography" was the subject today of Dr. Richard G. Boone, institute lecturer of the Alameda County Teachers' Institute, now in session at Idora Park. The designation of teachers today was greater than that of yesterday. Tomorrow afternoon will close the institute.

Urges Preparatory Books.

In this morning's address Prof. Boone dwelt at length upon the study of physical geography with its relation to natural phenomena and urged that preparatory books be used in the public schools before the text-books to give a broader view to the child. He also touched upon the fundamentals in the study of geography.

"No second-hand study of geography is worth while unless there is a preparatory book before taking up the text-book. It is worth while for boy or girl to study physical conditions. You are not educated by the information of geography nor by geographical information, but by a geographical sense. Get a hold of type facts. The child should understand erosion. Let the children see the erosion on the hillside and watch the process.

Application of Knowledge.

"A child of ten should not have a vast knowledge of geography, but should find it interesting and made to see how it can be applied to their own lives. Disassociated experience is not worth while. No knowledge is valuable unless it appeals to the child.

"Teachers should work in fundamentals. We are educated by what we are able to do with what we know.

"In general much geography is forgotten and it is a good thing facts are forgotten.

"If in some way we could be brought to understand the important and unimportant things and converse of the things we work too much in details and don't get hold of fundamental things in history and geography. Let facts of real importance be studied.

Map Drawing Wrong.

"Teachers make a mistake in teaching drawing. They ask the children to copy a certain map and get the drawing perfect without having the slightest conception of what they were doing. A child should have knowledge of the thing he is doing. There must be emphasis laid on the faculties of the child, his breadth of view and he must have self-reliance. He must not take orders but depend on his own observation of that particular thing."

Edmund Hyatt Talks.

Edward Hyatt, superintendent of public instruction, gave a description of a personal visit with Luther B. Smith, director of the Harriman Lines, died last night at the family residence, aged 36 years. Mr. Stubbs was in the packing business, handling California products.

Declined Resignations: Washington—Secretary McInnis has declined to accept the resignations of two midshipmen with the Atlantic fleet, who have not finished their tour of sea duty necessary before final graduation at Annapolis, and to others who are still at Annapolis. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Osgood Bros' drug store. 50c and \$1.00 trial bottle free.

LOCAL UNDERTAKERS VOTE
TO STOP SUNDAY FUNERALS

Action of Cemetery Directors Awaited

A movement is on foot to put a stop to the holding of Sunday funerals in Oakland. At a meeting of the Funeral Directors of Alameda County, last night, the association voted to do all in its power to stop Sunday funerals in the city. The directors of the various cemeteries and crematories in Oakland have been conferred with in this matter and it is expected that these organizations will close their gates on the Sabbath, except in case of contagious or infectious diseases.

This question has been discussed by the undertakers, clergy and cemetery directors and it was stated today that they are all in favor of the proposed action.

"It will only be a matter of form," said J. E. Henderson, "when there will be no more Sunday funerals in Oakland. The cemetery people have been waiting for the undertakers."

Now that the undertakers have taken action, the closing of the cemetery gates is expected to follow soon.

WHIPS WIFE; UPSETS LAMP;
BURNS HER TO DEATH; DYING
Drunkard's Madness Ends in a Tragedy

SAN FRANCISCO, April 7.—Crazed by excessive drinking, Timothy Hayes, a laborer living at 2363 Clay street, after beating his wife into insensibility in a drunken fury early this morning, overturned a kerosene lamp upon her prostrate body setting fire to her clothing and burning her to death, while the blazing oil leaped up to the drunken husband standing over her, searing his body so badly that he now lies near the point of death at the city general hospital.

Two firemen were seriously injured on the way to the blazing cottage when Captain James Vumetok of fire patrol No. 5, in attempting to dodge behind truck No. 6, which was crossing Sutter street on Steiner, on its way to the fire, sawing the machine so close to the sidewalk that it crashed into a trolley pole in front of the Alcazar Theater, throwing into the air a fireman, G. R. Brown and Samuel Brown to the pavement, injuring them severely.

CLAIM FOR INTEREST
IN PROPERTY DENIED

A non-suit has been granted by Superior Judge H. A. Melvin to A. E. Lavenson, who was defendant in a suit brought by George G. Mackinnon on March 15, 1907. In the suit Mackinnon asked for an eighth interest in property located at the corner of Twenty-second street and San Pablo avenue. He claimed he had an interest in the property through his association with A. Flubush, his partner.

Mackinnon claimed that a deal was arranged between W. C. Harshbarger, who owns the property, and Flubush and himself, whereby a purchaser for the property was to be found and that the property was sold for \$2500. It was claimed that one purchaser was found but that he finally declined to accept the deal and that later three-quarters interest in the property was sold by Flubush to Lavenson. Mackinnon states he was left out of this deal and asks that he be given an eighth interest in the property.

COMPLAINTS OF NEW
STREET CAR SCHEDULE

Charles Newman, who conducts a cafe on Broadway, presented a written complaint to the city council last night, alleging that the stopping of its late night street car service "is ruining his business." He says that his customers are unable to patronize his place because the cars have ceased to run after midnight and argues that this is in restraint of trade.

Councilman Eberhart added verbally to Newman's written objection by saying that many of his constituents had complained to him that the Oakland Traction Company had caused them great inconvenience and annoyance by advancing the time for the last cars from the center of the city.

All of the complaints were referred to the street railway committee for consideration.

BITTER FIGHT AGAINST MORE MONEY FOR PLAGUE CRUSADE BREAKS OUT IN CITY COUNCIL

Another \$20,000 Is Voted Under Protest and Councilmen and Taxpayers Score Health Board.

"The City Council is between the devil and the deep sea—the health board and the taxpayers, the health board insisting that there is bubonic plague in Oakland, many taxpayers asserting that no plague exists here.

"But I don't think that any more money should be thrown away on a fake pestilence. I think that the expenditure of an aggregate of \$100,000 to fight this imaginary danger of a possibility that an epidemic may occur is an outrage and a burning shame," declared Councilman Elliott last night at the meeting of the Council.

"But Mayor Mott is committed to his position, and we must either support him or repudiate him.

"I shall vote for this appropriation of \$20,000 for the month of April only, and I do so against my best belief and judgment.

"But I serve notice that hereafter I shall fight any more appropriations for such silly purposes, to the last ditch."

With these words, Councilman Albert H. Elliott ended a long attack on Dr. John D. Long, U. S. public health and marine hospital service; Dr. E. N. Ewer, president of the Board of Health; Mayor Mott, and the administration for its stand on the plague question.

After an acrimonious discussion, in which private citizens, representatives of the Chamber of Commerce, the Merchants' Exchange, and members of the City Council "roasted" the Board of Health to a turn, the Council finally adopted, by a vote of 9 ayes and 1 no, the resolution of the committee of the whole to appropriate \$20,000 to keep up the fight against plague and to pay the salaries of six medical inspectors, at \$150 per month each, 38 sanitary inspectors at \$100 per month each, one fumigator at \$100 per month, 127 assistant sanitary inspectors, at \$75 per day each, one special police officer, at \$150 per month.

This practically brings the total of such appropriations up to date to \$100,000.

Councilman Everhart was the only member of the Council who not only attacked the appropriation, but also voted against it. All of the other councilmen followed Elliott's lead in denouncing the fight on plague and on paying the salaries of the Board of Health. Nearly all of them openly declared that "they are through with the Board of Health and Dr. Long and will fight all such appropriations in future."

George W. Arper, representing the Merchants' Exchange and a score of private citizens, including E. A. Young, butcher; and Captain Z. G. Hatch, president of the Monticello Steamship Company, made attacks on the Board of Health, in which they not only expressed doubt as to the efficacy of the anti-plague methods employed by it, but even went so far as to say that the "plague fight was purely political and that crooked work and grafting is going on."

Arper said in part: "I deny that there is plague in Oakland, or that there has been since last December.

"We are fighting a theory, not a condition.

"When this plague scare came up in the first place, the Merchants' Exchange was appealed to help in raising an enormous fund to fight the disease.

"The Merchants' Exchange appointed a committee of four to investigate plague conditions and make a report.

"We have made a painstaking and thorough investigation, and we reported to the Merchants' Exchange, and we lay that report before the City Council.

Imaginary Pestilence, He Says.

"We are absolutely and irrevocably opposed to fighting an imaginary pestilence.

"We are not here to charge anyone with anything criminal, nor to accuse any health officer of graft.

"But we, as citizens and business men, and taxpayers, object to this waste of money and libel of the city. We know that every member of this council also objects.

"We know that the 'big stick' has been waved over your hapless heads. We know that you have been threatened, bullied, cajoled, and entreated to stuff your faces by voting for appropriations to which you were personally opposed.

"We know that certain contemptible columnists have circulated an article of falsehood in the form of a pamphlet, in half a dozen languages, for consumption in jealous cities and outside states and foreign countries.

"This vile print is a criminal libel from start to finish. Its compiler has cunningly mixed truth and lies, making it exceedingly difficult to take up specific sections and deny them.

"But this mass of twisted figures and misinformation is headed by a palpable, cruel, shameful lie. It states that the city in large type: 'There is bubonic plague in Oakland.'

Challenge Health Board.

"I deny it. I denounce the man or men who wrote it as a liar or liars. I challenge the board of health to try one case to produce a single case of human bubonic plague in Oakland.

"This pamphlet will only re-act on the scoundrels who circulated it. The people know it is false.

"It proves that what desperate means persons behind this thing will go in order to keep their control of a gigantic graft.

"These politicians hate to lose the pie. They find that with \$20,000 of the taxpayers' money every month they can keep up a horde of hangers-on.

"We have numerous witnesses who are ready and willing to come before the council and testify to shocking facts regarding this mob of health department employees.

"There are two men here tonight who will, if you allow them, give such evidence.

"The rat-catchers and sanitary inspectors travel in droves. We have proof that last week over twenty of these infernal creatures gathered in a saloon in East Oakland, near a tannery, where they guzzled whiskey and beer and wasted an entire afternoon.

"We have proof that a great majority of the health employees only work from about 10:30 o'clock in the morning until 3 o'clock in the afternoon from Monday to Friday, and from 10:30 to 12 o'clock (noon) Saturday.

"The army of rat-catchers and alleged sanitary inspectors is unnecessary. We have witnesses who will testify that certain houses have been visited by from five to ten inspectors on the same day.

"We are told by an august officer of the United States government that plague exists in Oakland. We deny it.

"We demand that the City Council really represent the taxpayers and in that capacity stop for all time this criminal robbery of the treasury.

Quotes Wyman, "No Plague."

"Surgeon-General Wyman believes the town men of his own service, whom he has placed at the head of King Plague's affairs in San Francisco and Oakland.

"When Oakland demanded federal aid, such as San Francisco is receiving, Wyman was the last man that the granting of the money was up to. President Roosevelt, his secretary, William Loeb, Secretary of the Treasury George B. Cortelyou, Senators Flint and Perkins, Congressman Knowland and others in Washington to whom Mayor Mott wrote, all referred the matter to Wyman, as head of the United States health and marine hospital service.

"What did Wyman do?

"Wyman specifically stated to all of these men whom I have just mentioned that there has been and there is and there is likely to be no plague in Oakland!

"No plague in Oakland; no danger; no plague in Oakland now; no danger; no plague in Oakland in future—Wyman!

"But when we say: 'If there has been, is not and won't be danger of plague in Oakland, this city demands the removal of these officers who are brow-beating and scaring the city with lies. Wyman says there is not plague; Dr. Long says there is plague; but we

\$ Barrels of Money To Loan \$

This is a money talk. Could you use some money right now? If your mortgage is due now, why not renew it for a few years and not take chances of it being called for any day. You will feel more secure if you do.

There is no advantage of doing business with me. I can tell you at once whether your loan is granted or not. The entire transaction is completed right here, because I handle the search, insurance and papers and all you have to do is to call once and sign your mortgage.

And then your interest is payable right here, every month or every quarter.

The papers are written right here in the office. Of course, there is a nominal fee charged for the service the same as in any line of business.

But I bring borrower and lender together at once, and you get the money just when you want it.

This department is in the hands of two thoroughly competent men, who give it their entire time—it is not a small detail that is neglected for other business.

I handle lots of loans and can therefore devote the necessary time and attention to them. I have to.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have.

In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

OAKLAND CLUB WOMEN JOIN WAR ON RATS AND PLAGUE

Miss Ethel Moore Defends Dr. Long

"Oakland has become as tidy and clean as a New England kitchen," said an Ebell Club woman yesterday. Another woman declared "that is always the condition of Oakland."

This exchange of sentiment caused a third woman to refer to the means now being resorted to for the purpose of preventing the spread of disease in Oakland.

Regardless of the fact that Oakland, in the matter of cleanliness, has been and is without a peer in the United States, nothing is being left undone to idealize that cleanliness and to show to the world that, although the trade of the Orient and Occident passes through her gates, no contagion from abroad can find lodgment here.

In this work of combating the extension of disease, local women have taken part. There are few of them who do not appreciate the cleanliness of a New England kitchen or, for that matter, the cleanliness of the kitchen of any housewife who realizes what real cleanliness means.

Through various organizations the women of this city have modestly endeavored to further the cause of pleasant and habitable homes, and at the same time assist in the great work which is now in progress, under federal supervision, of fighting the plague.

Women's Committee.

These organizations of women have deputized a committee to represent them, and the chairman of the committee is Miss Ethel Moore, daughter of Attorney A. A. Moore.

More commendable selection as leader of the committee could not have been made. Miss Moore displays energy, enthusiasm and intelligence in her work. She is well informed as to the history of contagious diseases.

She has learned what has been done by science to eradicate the cause of infection, and has enlisted for the war, not only upon infecting rodents, but for the cleaning of the homestead, which she holds should be always in mind and not carried into effect only at intervals when remedial agents are of no avail.

Represents 2000.

The committee, of which Miss Moore is the head, meets every Friday afternoon at the Ebell Club and represents probably 2000 women, banded in the Ebell Club, Home Club, Oakland Club, Hebrew Ladies' Relief Society, Catholic Ladies' Aid Society, German Ladies' Aid Society and several other kindred organizations.

The body in which these organizations is represented is known as the Public Health Committee. Its purpose is to aid in the work of making Oakland more cleanly. Indeed, it displays an enthusiasm in this regard which has not been even attempted by the men of the community. Of course, this might be expected, because the woman of the house always takes an interest in having the domain over which she presides appear presentable, and it is therefore only a short step for her to array herself against contagion.

Miss Moore Enthusiastic.

Miss Moore modestly takes no credit to herself. She tells with en-

thusiasm of the meetings which the women have held, the addresses delivered by Dr. Lingard, Colonel J. P. Irish, Dr. Von Adelung, Dr. Alexander, the English expert who told about the means employed in his country to destroy the germs of contamination, and Dr. Hurley, who told of work in the matter of preventing plague infection, done by the women of San Francisco.

Find Schools Defective.

Discussing the question, among other things, Miss Moore stated that the committee had made an examination of a number of the local schools, but that the examination is not concluded. The women found the plumbing defective in both old and new schools, and say there is much to criticize.

Miss Moore said that it is the purpose of the women to act in harmony with the Committee of Seventy, which was appointed by Mayor Mott for the purpose of putting the city in perfect sanitary condition.

"The intention of the woman in this connection is to educate the people," said Miss Moore.

"Very few people in this city knew that garbage was being deposited in West Oakland. As soon as they learned about it they rose in opposition in interest of the health of the city."

"The destruction of rats is not local. It is being carried on in England and France and other foreign countries. It is being prosecuted in London and Paris, which are largely built of concrete. It is, therefore, all the more necessary here, where our cities are largely built of wood."

Denies Graft Charges.

"It is not pleasant to have reference made to graft in this connection. Dr. Long comes from among people of respectability in Washington. He is of the force which exterminated the yellow fever in Cuba, after it had been discovered that the fever had been caused by the mosquito. They are now working on malaria."

"I believe Dr. Long expects two more assistants from Washington, but I don't know when they will arrive. There ought to be more publicity given to the work of exterminating rats, because it is known to a certainty that rats spread the plague. This information may be procured at the city health office, where a report is made every Saturday of the number of rats killed."

"The women represented in these associations are working in their own homes to clean the city and to induce their neighbors to do the same thing. A great deal has been done already, and considerable more will be done in this direction."

G. G. GAGE WRITES TO SENATOR PERKINS

G. G. Gage, a member of the Lincoln-Roosevelt Club of the Fifth Assembly District, has written the following letter to United States Senator George C. Perkins:

April 7, 1908.

Honorable George C. Perkins, Washington, D. C.

Sir: A few days ago I announced myself as a candidate to represent the Fifth Assembly District at the next Legislature, the district being an open one on account of the present representative, Mr. Stetson, having announced himself as a candidate for the State Senate. I am absolutely tied up to no organization of any kind or anybody, and seek the office for myself.

Owing to there being a United States Senator elected from this State at the next session of the Legislature, it is but fair that I should let the public know who I am in favor of and I assure you I can gladly say that you are my choice to represent the people of this State.

Yours respectfully,

G. G. GAGE.

The family of James L. de Fremery, whose homestead is still within the inclosure, will be allowed to occupy it for two years. At the end of that period, the structure will become the property of the City of Oakland.

GENERAL FUNSTON WILL GO TO FORT LEAVENWORTH

Confirms Report Himself But Does Not Like Idea.

SAN FRANCISCO, April 7.—General Frederick Funston is scheduled to leave his post as head of the department of California, according to rumors in army and navy circles here. The change will in all probability take place this fall, and it is probable that he will be transferred to take charge of the big military school at Fort Leavenworth, Kansas, which is regarded as one of the highest honors that can be bestowed upon an army officer. The school at Leavenworth is for officers only. Who will be sent here to assume the duties which General Funston will leave is not definitely known, but it is generally believed that Major-General Frederick D. Grant will be named as Funston's successor.

As yet General Funston has received no official information that he is to be transferred to Fort Leavenworth. When seen last night he said:

Funston Confirms Report.

"For some time the war department has been thinking of sending me to Leavenworth. The position there is a fine one and I would enjoy the detail. I should be sorry to leave San Francisco, as I am very much attached to California. I believe no change will take place until August. I cannot say who would succeed me at this post."

I'm finding out that if you want to feel good and like everybody, it helps you mightily to have on a good stylish hat, a clean shirt and collar and a red necktie, and by the way, this is going to be a great season for nice light colored washable four-in-hand ties. CLASSIFIED ADS IN THE TRIBUNE PAY BIG RETURNS FOR MONEY INVESTED.

THE DOCTOR says "drink beer" to the weak and the convalescent. To those who need strength—need a food and a tonic. If it is good for them, isn't it good for you?

The virtue of beer does not lie in the alcohol. There is only 3½ per cent. of that.

It lies in the malted barley—a digested food. And in the hops—a tonic and an aid to sleep.

It lies, too, in the fact that the drinking of beer flushes the system of waste. So would water, of course, if one drank enough of it. But you don't drink water like beer.

When beer is pure there is nothing more healthful. And Schlitz beer is pure. It brings no after-effects, no biliousness.

But better go without beer than to drink the wrong beer. That is why the Doctor generally says "Drink Schlitz."

The Beer That Made Milwaukee Famous

Pardee Produces Tainted Testimony

In his organ, the Oakland Enquirer, Dr. Pardee quotes from the Fresno Republican to prove that the Republican organization of California is the corrupt and servile tool of the Southern Pacific, and that THE TRIBUNE, for corrupt reasons, supports the organization, and hence the railroad.

Dr. Pardee is unfortunate in his witness. In the campaign preceding the Santa Cruz convention at which Dr. Pardee was defeated by Hon. James N. Gillett, THE TRIBUNE was a zealous advocate of Dr. Pardee's renomination. The Fresno Republican, on the contrary, supported Governor Gillett. The Fresno delegation, which was elected and directed by the machine of which Dr. Chester Rowell, the real owner of the Republican and uncle of its editor, Chester H. Rowell, is the controlling head, not only voted solidly for Governor Gillett, but programmed clear down the line with the organization forces. Dr. Rowell issued a statement which was published all over the State endorsing Governor Gillett's candidacy and recommending him to the voters of the State as a man worthy of every confidence, who could be relied upon to do his duty.

THE TRIBUNE had loyally supported Dr. Pardee four years before, both for nomination and election and gave his administration an equally warm support. It urged his renomination with all its ability and stood out against the organization program to nominate another man in his stead. It did this, not because it had any doubt of Mr. Gillett's integrity and ability, but because it believed Dr. Pardee had deserved renomination by giving the State a good administration. It deplored the idea of allowing factional differences and personal enmities to control the nomination for Governor, and so stated on many occasions. It stood with Dr. Pardee till the last gun was fired at Santa Cruz, and did not hesitate to express its regret that the platform did not contain a more unequivocal and cordial endorsement of his administration.

While THE TRIBUNE was thus supporting Dr. Pardee and opposing the Republican State machine, the owner of the Fresno Republican was programming with the machine and fighting Dr. Pardee. The Rowell faction had opposed Dr. Pardee's nomination four years before, and it was notorious in political circles that Dr. Rowell was bitter against Pardee because the latter would not throw the weight of his gubernatorial influence in favor of Senator Bard's re-election. Dr. Rowell was an applicant for the Japanese mission and Senator Bard was the particular champion of his aspiration. He has harbored a grudge against Senator Perkins because of a suspicion that Perkins did not support him as energetically as he might have done. At any rate, Dr. Rowell's opposition to Pardee and his grievance against Senator Perkins had their origin in his own disappointed ambition.

We are indifferent to anything the Fresno Republican may say, for it has never been truthful or consistent. Its policy is one of persistent defamation of those to whom it finds itself opposed or of those who have incurred the displeasure of the elder Rowell. During the campaign following the Santa Cruz convention it supported Governor Gillett editorially, while from day to day printing statements in its news columns to his discredit and injury. If it were sincere and believed what it printed to be true, it could not honestly and consistently advise people to vote for Gillett. Yet after assisting to nominate him it gave him a milk and water pretense of support, while sandbagging him. The truth is that the Rowells wanted to see Gillett defeated and Bell elected. They helped defeat Pardee to gratify a grudge, and then turned and rent the candidate of their own choosing. Their sincerity is illustrated by Dr. Rowell and his adherents programming with the machine leaders at the very moment the Fresno Republican was denouncing them as emissaries of the Southern Pacific. Such are the witnesses Dr. Pardee calls against THE TRIBUNE. That he should call them is entirely consistent with his character and political record. The motives that prompted him to do so explain in a large measure why he has failed in his political aspirations. His bark has been wrecked on the shoals of disloyalty, inconsistency, inconstancy, fickleness and inaccuracy. It is his habit to blame the weakness of his own character on others, and his one method of demonstrating his own virtue is to grossly accuse and wantonly malign people who do not chance to agree with him. He is a man of agreeable personality and many engaging qualities, and it is a profound pity that he should be so insincere, so untruthful, so unfaithful. These are the enemies that have destroyed him, and they should be the epitaph over the grave of his political ambition.

He and his witness know each other to be such humbugs that like the soothsayers of ancient Rome, they cannot look in each other's faces without laughing. By and by the public will laugh, too, and soothsaying will be neither profitable nor respectable.

The decaying and impotent old Cal hails Rudolph Spreckels as the boss of the Lincoln-Roosevelt League. In the same breath it walls that defeat is staring the league in the face. It never had much chance and the glimmer of hope died when Spreckels advertised himself as the league's boss. Even his horses are hoodooed at the race track.

Spreckels and Heney have not popularized the immunity contract deals, scurrilous attacks on the higher courts and other infamies of the private prosecution by muckraking in the churches. Neither have they increased respect for religion. The pulpit cannot sanctify a lie nor justify calumny and conspiracy.

TRUTH DOING SLANDER'S WORK

Word war over the Schmitz decision still rages in San Francisco and in some of its features it resembles bushwhacking. One clerical critic of the decision thanks God that he became a minister instead of a lawyer. Those who read his remarks will join in the thanks, because in the course of his criticism he showed a decided inability to quote on one of his own particular allies. Such lack of accuracy in speech indicates a similar lack of exactness in thought and casts a grave doubt upon the correctness in quoting one whose exact words to not appear in print. An honest judge who is doing temperance

work in San Francisco is quoted variously as saying that an act morally wrong could never be legally right and "a law morally wrong could never be legally right." Either or both of these sayings are self-evident truths but they have no bearing on the Schmitz decision, because neither of the Appellate Courts ever uttered anything to the contrary. It would be a good answer to this style of argument to say that a truth uttered in the service of falsehood becomes a falsehood by serving a dishonest master. The truism uttered by the Hoosier jurist, standing by itself is still true, but yoked up with a falsehood, expressed or implied, it becomes the accessory of slander and by its association does the work of the slanderer—distorting, misleading, and

INSTANT RELIEF OFFERED TO A DESTITUTE FAMILY

Many Give Walloms Food and Furniture

In response to THE TRIBUNE'S call for help for a destitute family, many people have come to the relief of W. L. Walton and his wife and nine children at 1221 Seventh street. From a condition of the most abject poverty the family has been raised in a single night to a state of prosperity that it has not known for some time.

In God We Trust

The only useful thing in the house yesterday was a stove, the only decoration a small card on which was "Wages trusteth in the Lord happy is he." And the family trusted. Now they are happy. The house has been furnished the cupboard partially filled and the father who is a landscape gardener, has found work at Piedmont.

Among those who contributed to this happy condition of affairs are: Employees of Goldwaters Loan Office, 891 Broadway—\$5.00; B. F. Kokowsky, furniture dealer, 848 86 Market street—Wash stand, two beds, four pillows, table, five chairs and dishes; Unknown stableman—Sofa; Thomas Hill, coal dealer, 1383 Eighth street—Bedstead and two spring mattresses; R. W. Sweet, Seventh street candy store—Six four vegetables, coffee, oat meal, sugar and baking powder; Salvation Army—Bread, two loaves of bread, two bottles preserved fruit; An unknown woman brought some jelly last night and promised to call again this evening to give further assistance.

STABS HIM WITH HER HATPIN

As the result of a wild night of merriment in an automobile in Oakland and vicinity, and which had its culmination on a ferry boat bound for San Francisco about midnight, two pretty young women, Minnie Robinson and Bessie Smith, aged respectively 20 and 22 years, are locked up in the San Francisco city prison in the former charged with assault with a deadly weapon and the latter with disturbing the peace.

According to the story told by other passengers of the boat the young women in company with some male companions were singing and making merry during the entire twenty minutes trip on the bay. Just as the boat was nearing the San Francisco side the fun became more boisterous and some passing travelers are said to have made the faces remark.

Nix with all that rough stuff. Immediately there was a tempest. C. M. Youren, a clerk of 1559 Eddy street, San Francisco, and Oscar Kirwan, a companion were near them at the time and were singled out as the men who had rebuked the merriment. Words were hurled back and forth, and just as the

Pictures of pretty babies to be entered in our beauty contest are still pouring into THE TRIBUNE office. Among the arrivals are Frank and Charles Bullock, the two handsome sons of C. H. WAR AND MATRIMONY PRETTY MUCH ALIKE, THINKS HUSBAND

Veteran Declares He Would Rather Face Cannon Mouth Than Marriage Ceremony Again.

NEW YORK, April 7.—"War and matrimony are the same thing. I've been through both, and if I had my choice I'd take the cannon game for mine. Yes, I've heard General Sherman's definition of war, but he must have been a bachelor."

It isn't to be supposed that these disparaging remarks will have a deterring effect on persons about to interview the person, but they go a long way toward proving that even Cupid turns out a poor job occasionally. They also prove that when Charles Christensen and his good wife Julia married and settled down, they didn't live happily forever after.

Thirty-four years have elapsed since Charles and Julia consolidated. For six years they lived at one; for the next twenty-five they live at ten. Julia being the one and Charles the other of the combination; for the last three years of the journey each has been making an independent parade. Charles had sixty-nine candles in his last cake, while his wife's called for eight less. The climax of their domestic difficulties was reached recently when his wife had him before Magistrate Higginbotham in a Brooklyn court on the charge of non-support.

Mrs. Christensen secured the floor

early in the proceedings and blocked her husband's efforts to tell his troubles, with the result that the court directed him to pay his wife \$3 a week until the case comes up for disposition. When seen at his store on Gates avenue Christensen was more than willing to tell of his troubles. He is a slightly built little man with a Joe Cannon hedge around his countenance. Steel rimmed glasses mounted on a stubby nose and fastened behind a set of extra size listeners give him a studious appearance. What he does to the English language is entirely uncalled for.

"Julia had all the heat of it in court," he began, "but if I ever get a chance to tell just a little bit of my story I'll have the judge and jury. What I suffered could never be told in one afternoon."

"Is it true that you have an assortment of afflictions?" he was asked.

"Do I look like that kind of a man?" he demanded, with a show of heat.

"As for my running around to dances and parties, I haven't been to one in a year. I'll admit I'm one of the boys, but I'm one of the good kind."

"She says you are anxious to marry again?" suggested the reporter.

"She knows better than that. I've

told her seven thousand times that if I ever got free I'd keep my name for my own use. Marry again! Ha! ha! I wouldn't marry the Statue of Liberty if President Roosevelt gave her away and she had the United States mint for a dowry."

"What started all the trouble?"

"It doesn't matter now, but it started right after we moved to Brooklyn from New York in 1880. No, I don't blame Brooklyn for it."

"And don't think I haven't any backbone," he added, "wait till I prove it to you."

Christensen stopped talking long enough to go to a drawer and drag forth a bag of medals. Several of them were given him by the king of Denmark. The others were emblems of the different orders to which he belongs.

"The king doesn't decorate a coward," said the old man proudly.

"Don't you think you deserve a medal for living with a wife?" asked the reporter.

"A medal!" shouted Christensen. "I deserve a monument. As compared with marriage war is a picnic. I went through the Danish war and I was shot up till I looked like a window screen, but the only marks I have today are souvenirs of my married life."

Christensen says he is perfectly willing to support his wife, but insists that she shall take what he is willing to give her.

"She left me three years ago," he said, "but she'll find the latch string on the outside if she comes back. We're both getting along in years now and a few more disagreements can't hurt anything."

WOMEN DRUNKARDS ARE ON INCREASE

Wealthy and Lower Classes Using More Drink and Drugs.

LONDON, April 7.—Inebriety and drug taking among women has been the subject of an inquiry by the women's union on the Church of England Temperance Society.

In response to a circular addressed to a number of medical men ninety-three working among the poor speak of the marked increase in drinking among the working women; eighty-eight, with fashionable practices, mention the increase

among the wealthy classes, while fifteen write that with the middle class women, nurses and teachers there is a marked decrease.

An eminent practitioner says he considers the increase of inebriety among the rich women is caused by their rapid life, late hours and too much care playing for heavy stakes.

He adds that eau de cologne drinking is prevalent, chloroform being the favorite drug.

Doll's House Costs \$1250

The infant son of Mr. and Mrs. W. K. Vanderbilt, who is not yet three months old, is already the possessor of a magnificent doll's house. It is complete in every detail, as indeed it ought to be, for it cost no less than \$1250.

Adopts Child and Gives \$70,000 To Her Former Home

CHICAGO, April 7.—Through the interest aroused in the hearts of a childless old pair by a 12-year-old orphan girl, the Illinois Children's Home and Aid Society has been enriched by a gift of \$70,000. By this donation the long-delayed dream of an industrial home for orphan girls has become a reality, and the resources of the society are doubled.

Four years ago A. B. Judy, a wealthy farmer, residing near Pottsville, Ill., and his wife adopted a little orphan girl from the society. Through their interest in their adopted daughter they were led to study juvenile charitable societies, and Judy conceived the project of building a memorial school for orphans.

BABY BOY BRINGS HIS PARENTS \$3,000,000

CHICAGO, April 7.—An event of great importance to the heirs of Otto Young occurred recently in the birth of a boy to Mr. and Mrs. Samuel K. Martin. The boy is the ninth grandchild to share the millions left by the merchant.

Until the birth of this first child, the Martins, under the terms of the will had no claim on the fortune beyond Mrs. Martin's life interest in its income. Now they have an heir whose prospects are worth at least \$3,000,000. The family with the most children thereby will receive the most money.

LOOKING FOR A HOUSEKEEPER; GOT A WIFE

FRENCH MARRIAGES APPROACH "FREE UNION"

PARIS, April 7.—By an overwhelming majority the Senate has concurred in the bill recently passed by the Chamber of Deputies to automatically convert a decree of separation into a divorce at the end of three years when either party in the separations requests it.

"We are hurrying toward 'free union,'" said Paul Bourget, novelist and dramatist, when the bill was passed.

"France, as demonstrated by the polemic which has just closed, is divided in two camps. One, the feebler, opposes divorce; the other, the stronger, favors 'free union.' The new law voted by the Senate is the first step, for it frankly establishes divorce upon the demand of husband and wife—a principle not only contrary to morality, but contrary to the

rules of society. It is a step into the abyss."

The constantly growing number of divorces in France since the restoration of the divorce law in 1884 has been the subject of an intensely bitter controversy recently. As the champion of the traditional indissoluble union, Paul Bourget precipitated it with his problem play, "A Divorcee."

A statement attributed to M. Briand, new minister of justice, in favor of "free marriages," but which the minister repudiated, added plausibility to the controversy.

Men and women, married, unmarried and divorced, old and young, come forward amid through the newspapers, told pathetic stories of life tragedies in support of their respective contentions.

SWIFTLY WOODED and WON BY A TEXAN

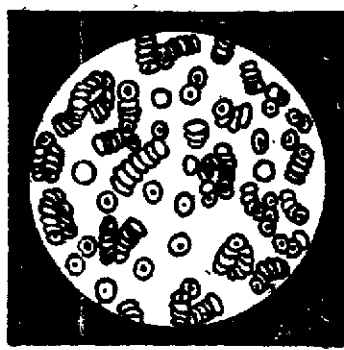

LOUISVILLE, April 7.—Priscilla, the Puritan maiden, asked John Alden why he didn't speak for himself when he came to plead the cause of Captain Miles Standish. History and Longfellow have made everyone familiar with John's bashfulness.

It is therefore a matter of more than ordinary interest to know that John Alden's descendants have completely outgrown this lamentable failing of their distinguished forefather. They can speak for themselves now and speak in a hurry. Payson Alden has given the latest demonstration, for he spoke for Miss Louise Graham, of Louisville, so promptly and eloquently that she

wrote Mrs. Payson Alden before her Louisville friends knew that she was even acquainted with the descendant of "mealy mouthed" John of Plymouth town.

Miss Graham, whose home is here, went to San Antonio to meet her parents, who were returning from a trip to Mexico. There she met Payson Alden, who is the owner of the San Antonio Daily Gazette, and in almost no time they were married in St. Mark's Episcopal Church in San Antonio, by Bishop Johnson. They are in the East now on their honeymoon.

Mr. Alden's family still live in Massachusetts, and he has a summer home at Squirrel Island, Maine.

Human Blood Highly Magnified.

The part of the blood that gives it red color is the mass of microscopic bodies called red corpuscles. These also carry oxygen, the great supporter of life, to every organ of the body.

In anemia these red corpuscles are reduced in number and the patient becomes pale and weak.

It is the oxygen they carry that enables the stomach to digest food. Reduce the quantity and indigestion follows.

It is the oxygen that makes it possible for the kidneys to throw off the uric acid constantly forming. Lacking it the uric acid poisoning causes rheumatism.

There is also a close and scientifically recognized relation between the number of red corpuscles in the blood and the health of the nerves.

Dr. Williams' Pink Pills actually and indisputably increase the number of red corpuscles in the blood and therefore increase its oxygen-carrying capacity. In this way they cure anemia in the most direct way and give color to the cheeks and lips, prevent and cure stomach trouble and rheumatism and have proved of wonderful value in nervous troubles.

No claim is made for this remedy that is not substantiated by hundreds of well-established cures. If you are sick and the treatment you are taking does not prove beneficial, you owe it to yourself to try Dr. Williams' Pink Pills

COUPLE WEDDED IN SAN RAFAEL

Oakland Young People Evade Friends and Are Married; Secret Leaks Out.

After quietly leaving Oakland on what was supposedly only a little Sunday trip, Frederick Anderson, aged 22, son of Severin Anderson of this city, and Miss Grace Grimes, aged 20, daughter of Mr. and Mrs. Joseph Grimes, who are in San Rafael, where they were quietly married by the Rev. Ernest Bradley of the St. Paul Episcopal church of that place.

The marriage was to be kept secret for a time but the housewife who is a friend of Anderson's younger brother and he made haste to apprise him of the event.

The wedding comes as a complete surprise to even the closest friends of the couple. No one thought of a wedding being so close at hand. In fact, there had been no announcement of the engagement.

"We hadn't planned so very far ahead ourselves," said the bride last night. "We simply got on the trip to work the very day to San Francisco and then crossed to Sausalito and went to San Rafael. We managed to get a marriage license, even if it was Sunday, and the County Clerk's office was supposed to be closed, but we took some little time to find a minister who wasn't busy, and we walked, it seemed to me, miles before we came to the St. Paul church where the Rev. Ernest Bradley performed the ceremony."

Mr. and Mrs. Anderson will live in a home.

The Oakland Chapter of the I. C. S. Fraternity will be instituted Saturday evening, April 11th, at 8 o'clock at 1 O. O. F. Hall, Eleventh street, corner Franklin. All made white Knights are eligible for membership. Information call at the office of I. C. S., 475 Eleventh street.

WALTER JONES IS AGAIN MARRIED

Famous Actor Defies Illinois Court Orders Over Divorce and Takes New Bride.

CHICAGO, April 7.—Previous marital troubles evidently had no terrors for Walter Newton Jones, known far and wide as a tramp impersonator. Neither do the laws of Illinois bother the actor to an appreciable degree, for he was married yesterday to Miss Blanche Lillian Pixley only a few weeks after his previous wife divorced him in the Illinois courts.

Miss Blanche Lillian Pixley, the bride, is none other than Blanche Deyou, famous as a dancer and vaudeville artist. She also was recently divorced from Jones and she are playing together in vaudeville.

The latest knot was tied for the actor at Crown Point, Indiana, by Judge Harry B. Nicholson. The bride is a resident of Chicago and knows all about Mr. Jones' matrimonial experiences.

May Be in Contempt.

It is understood that if he still retains his residence here and if so runs counter to the recent decision by Judge George A. Carpenter, who interprets the statute barring re-marriage with a year to have force even over weddings performed outside of the State.

Less than two months ago Jones was legally separated from his wife, formerly Mrs. Frederick King Pulster, originally Miss Beatrice Champlin. Mrs. Jones filed her suit on February 4, and obtained her decree of divorce largely through evidence relating to a love affair which involved a vaudeville actress whose name did not appear in published accounts of the divorce proceedings.

After all, there is nothing that affords people more real pleasure than agreeable work.

Fortune occasionally smiles on a man, but more often it indulges in a grin.

The only way you can have fun with some people is to make them angry.

Now Miss Elkins Can Decide if She Wants the Duke

CUPID WINS AGAINST KING

Italian Royal Family Have Raised Objections and Duke D'Abruzzi May Wed His American Fiancee.

ROME, April 7.—The Duke of Aosta arrived here today and had breakfast with King Victor Emmanuel, the Duke of the Abruzzi and the Count of Turin, after which a family conference was held relative to arranging a marriage engagement between the Duke of the Abruzzi and Miss Elkins, daughter of Senator Elkins of West Virginia.

Although nothing official is known, it is reported that the engagement has been confirmed and that it is the intention of the Duke of the Abruzzi to return to the United States shortly. It is also asserted that the engagement will not be officially announced, such announcement affecting the royal family being unusual.

The Duke will leave tonight for Spezia to resume command of the battleship Regina Elena.

TAFT AND PARTY INSPECT GARRISONS NEAR OMAHA

OMAHA, April 7.—Secretary Taft was up early today and held an informal reception after breakfast, when he met many State officials and their wives.

At 9 o'clock the Secretary entered an automobile and was driven to Fort Omaha, and later across the country to Fort Crook.

At both posts he was received by the official staffs in full uniform, and the garrisons were drawn up for dress parade on the big park at Fort Crook. Fifteen guns greeted the War Secretary at the latter post. He returned to Omaha at 11:30 and was escorted to Council Bluffs, where he was the guest of General Granville M. Dodge at luncheon.

CITY COUNCIL STARTS CAMPAIGN FOR CONSOLIDATION OF 3 CITIES

Asks City Attorney's Opinion for Working Basis

Councilman William J. Bacus last night introduced the above resolution before the City Council and it was unanimously adopted under suspension of the rules. The resolutions are self-explanatory and they lead the way for a widespread campaign for a consolidated city and county of Oakland, Alameda and Berkeley.

In introducing the resolutions, Councilman Bacus said: "Much has been said about consolidation, but nothing definite has ever been done. In order to have a basis upon which to work, I have asked that the city attorney render an opinion in regard to the matter and to recommend the steps that should be taken to get the matter before the people. I am in favor of consolidation and if we cannot consolidate Oakland, Alameda and Berkeley, then I believe we should go it alone, as I believe they are far too heavy at the present time."

President Ellsworth stated that he believed the matter to be of a great deal of importance and one that should be considered at length. The rules were suspended and the resolutions were adopted.

"Whereas, It would be for the best

interests of the City of Oakland, the City of Alameda and the City of Berkeley, to be consolidated into one city and county, thereby resulting in a great saving of money to the taxpayers of the community; and

"Whereas, Such consolidation would promote the industrial and commercial development of the cities affected, and eliminate all sectional jealousy and ill will; and

"Resolved, That the city attorney be and he is hereby requested to furnish to the council of the City of Oakland, a detailed statement of the law governing the matter of consolidation and advise the council of the City of Oakland as to all necessary steps, either by way of constitutional amendment or legislation that should necessarily be taken in order to carry into effect for submission to the people of the territory involved, the matter of consolidation."

EXCITEMENT IN LISBON IS STILL RUNNING HIGH

Streets of City Are Swarming With Troops

LISBON, April 7.—The excitement caused by the election rioting in this city Sunday evening, in which seven persons were killed and one hundred wounded, has by no means subsided. There is considerable consternation in government circles and the greatest precautions are being observed. The streets swarm with troops. Regiments of infantry and batteries of artillery hold Camoens and

Pedro Square. The streets are patrolled by cavalry and mounted lancers are massed at street corners.

The complete official returns of the election are as follows:

Regenerators, 62; Progressives, 59; Independents, 17; Nationalists, 2; Republicans, 5, four in Lisbon and one in the provinces; Franciscans, 3; Dissident Progressives, 7.

JIM CORBETT WATCHES BRITT IN TRAINING

KENNEL CLUB OPENS AT IDORA TOMORROW | BEST AND LATEST PAGE OF SPORTING NEWS

LITTLE JIMMY AND BIG JIMMY AT SHANNON'S

Joe Thomas May Take a Match at Boston—Nelson Goes Over to Coffroth; Corbett as an Actor.

BY EDDIE SMITH.

Like a peacock spreads his tail and struts up and down the lawns at Golden Gate Park so did Jimmy Britt spread himself yesterday with all his best work in the gymnasium and show off before Jim Corbett and a large crowd of interested friends and information seekers. Jimmy with his ready smile and Corbett with the wit that has made him famous all over the country, kept the crowd in good humor and all during the time the two were posing for the camera men the crowd were in constant laughter.

Britt settled down to the training work as soon as the picture making was over and all present had a good chance to get a line on his condition. Britt after he finished training, stepped onto the scales and weighed about 135 or 136 pounds, which means that he has about three pounds more to pull off. He should be able to do this without injuring his condition. It is very apparent, however, that James Edward does not come down to the light weight limit with the ease that he did a few years ago. Britt went four rounds with Eddie Madison. At the end of each round Corbett stepped up and made a few remarks. He said that Jimmy might make Corbett, as a boxer, but he was not a student of the game and his advice is worth a good deal to any fighter, and to Britt's credit he listened attentively while the big fellow suggested some ideas that might lead to bettering Britt's chances.

Britt and Krelling.

Jimmy went three fast rounds with Krelling. Krelling carries a large mitt on the right hand, such as boxing instructors wear, and as he has a keen knowledge of the boxing game, his work with Britt is both instructive and violent. Krelling covers with a big glove and Britt bangs away with all his force at the vital portions of the body and head. To make sure of the direction of the punch Krelling coaches him by telling him whether he is a little low or a little high. It is supposed that by this work Jimmy's hitting powers will be increased and that he will be able to hit with better precision. Krelling is the Frank Gotch of the Pacific and has also taught Jimmy some good holds and breakaways that he can use in the close fighting. In former days Britt was a great fellow to show his training quarters every day just what he would do and often he overworked in an attempt to please the spectators. He felt that he was overtrained a few times has settled his notions regarding his training and the work in his gymnasium. He is now taking a more moderate pace and although he did not show many flashes of speed his work was satisfactory to the fans who were on hand.

Thomas Offered Match.

Joe Thomas has been offered a match at Boston with Jim Flynn, Jim Barry or Hugo Kelly and is seriously considering accepting it. Joe has been doing light work in Oakland for the past two weeks and will be at first contemplated waiting at least six months before taking on another match he has been working with such snap that he is of the opinion that he is ready to take another fight at the gymnasium. The severe training process that the Thomas went through in the two Ketchel contests sapped his

With a proper family feeling and longing to give his sister what he missed himself Billy Papke is going to send his sister to college. It looks like a bad match. The poor girl is bound to go up against a bunch of snobs and snobbishness and snobbishness that would test the heart of a worldly man. Anyhow, if Packy McFarland gets kicked he can turn to the pen, as he is a literateur, and a defeat at the hands of Britt would make him think that after all the typewriter is mightier than the boxing glove.

Coffroth in New Role.

Jimmy Coffroth is the gentleman who should be playing the "Gentleman Burglar," which is really what Jim Corbett is doing. Instead of the ex-champion, for here he is again with another big steal for his mission street arena. Jack Gleason has everything appearing. First after a twenty-round contest between Battling Nelson and Joe Gans, and it was agreed all around that the baseball manager had a good attraction for the Occidental Club, of which he is the manager and matchmaker. Just when he was about to sign the event and he received the congratulations of his friend Jim Coffroth steps in and off goes the head of the Occidental Club manager and on comes the manager of the Occidental Club. He appeals to Nelson for the reason that he will be allowed to go forty-five rounds, while in San Francisco the contest would be limited to twenty, and the negro would have the advantage with his marvelous cleverness. It would seem that all the good matches lately are saying "transfers, please."

Nelson, in making the change, is acting wisely, for if there is any chance for him to lower the colors of the champion it will be in a long fight. Gans may object to going the longer route when he can get a contest at twenty rounds, but as Nelson has given in to him in the knowledge of the boxing game, his work with Britt are both instructive and violent. Krelling covers with a big glove and Britt bangs away with all his force at the vital portions of the body and head. To make sure of the direction of the punch Krelling coaches him by telling him whether he is a little low or a little high. It is supposed that by this work Jimmy's hitting powers will be increased and that he will be able to hit with better precision. Anent Jim Corbett.

Jim Corbett, Native Son, High School boy and baseball player, amateur boxer and boxing instructor of the Olympic Club, bank clerk, professional fighter and champion heavy-weight of the world, and last, but not least by any means, an actor, is at the Madison Theatre in the "Burglar and the Lady." To those who see Mr. Corbett with the expectation that they are going to see a prize fighter try to act, disappointment is in store for them. Corbett is an actor that has been staged here at good prices, and although the writer is not the best judge in the world of an actor, it would seem to him that if the people went to the theatre not knowing who or what Corbett was, they would be pronounced a good actor, even though his previous wonderful record was unknown. Corbett has long wanted to be an actor, and although comedy is better suited to him, he has been staged here at good prices, and although the writer is not the best judge in the world of an actor, it would seem to him that if the people went to the theatre not knowing who or what Corbett was, they would be pronounced a good actor, even though his previous wonderful record was unknown. Brooklyn Tommy Sullivan and Abe Attell will meet tonight to post their forfeits and sign the final set of articles for their coming contest on the 30th of this month. Sullivan and Attell have been bitter enemies for many years, and the contest between them will be a bitter fought one in which both will be trying to knock the other out at all hazards.

Never before the history of dogdom has so much interest been shown as is displayed in the coming kennel show, which opens at Idora Park tomorrow. Society is agog over the event, and the fancy folk for the best dog show that has ever been held in Oakland.

McFarland Is a Slight Favorite

The betting in the Britt-McFarland fight still remains at 10-9 in favor of the Stockyards lad. Plenty of Britt money was wagered last night at these figures. Harry Gilmore declares that he will wager \$1000 on McFarland at these odds. McFarland works for his last time today and then the drying-out process begins.

The High School dual relay race will be contested by Berkeley and Oakland High schools with a team of five runners, each to run 200 yards. Entries are expected in the High School championship for one mile with teams of five men, the standing touch to govern and heats to be run if necessary. For the comprehensive of the Pacific coast the Olympic Club, University of California and the Irish-American Athletic Club have entered teams of five runners each, the distance to be run in the same as the other events. Stanford is expected to enter a relay team, but has not been heard from as yet.

Stanford to Play Santa Clara Today

STANFORD, April 7.—The seventh game with Santa Clara's baseball team will be played today on the local diamond. The line-up of the varsity team follows: Pitcher, Mitchell; catcher, Bell; first, Owen; second, Fenton; short, Scott; third, Gansing; right, Wirt; center, and Tallant; left. Tallant, the new man who has taken the place of Dempson on the team, proved a good hitter in Saturday's interclass game, having scored two of the four hits made by Stanford. Coach Presley will retain him in this position.

Without doubt the finest strain of thoroughbred that have ever been shown on the Coast will be on exhibition. The finest pedigreed dogs in America will be on exhibition and it will be surely a feast and a treat for lovers of high class dogs, and they can be counted by the tens of thousands in Oakland alone.

Native Son Boxer Is Working in Great Shape for His Fight With the Chicagoan

Amateur Notes

"The Anchors" defeated the crack Alton Stars Sunday afternoon after a hard fought game lasting twelve innings, which ended in "The Anchors" winning by a score of 5 to 4. Bohan of "The Anchors" and Byrd of the Alton Stars pitched great ball, with the former having a shade the better of it. The feature of the game was Ferra's single, with two men on bases in the twelfth, allowing the old reliable Joe Prelli to score. Ferra distinguished himself as an umpire. The teams lined up as follows: "The Anchors"—Bob Bohan (captain) pitcher; Daley, catcher; Ed Bohan, second base; Oakes, short stop; Jones, third base; Ferra, short stop; Rodgers, left field; Paparo, center field; Huesett, right field. Alton Stars—Byrd, pitcher; Lingo (captain) catcher; Foley, first base; Ed Bohan, second base; Landu, third base; Weber, short stop; Murphy, left field; Fisher, center field; Blakeley, right field.

Another Amateur Club for the City

SAN FRANCISCO, April 7.—The San Francisco Athletic Club, of which Alex Greggains is the guiding hand, has reorganized and will in future devote much of its time and interest to the development of strictly amateur athletics. Two monthly boxing shows will be given after this, and a cross-country run is also planned. The club will participate in all open events.

Joe Thomas Wanted By Milwaukee Club

In a letter to Joe Thomas, Boer Uncles writes that he can get him a match with Flynn, Barry or Kelly at Milwaukee. The Milwaukee club is guaranteed \$1000, and the chances are that he will pay no attention to the offer. Joe Thomas has been growing much of late, and has a comfortable home and enough money to go along nice and easy, but three squares under his belt every day, live in a comfortable and spacious home, and he will likely pay no attention to any offers in the immediate future.

Arcadia Is Now In Reform Spell

LOS ANGELES, April 7.—Lucky Baldwin will buckle up with the reform element in his home town, Arcadia, in the coming election. There is a hint of a change in the city. Baldwin, a former divekeeper, is Baldwin's candidate. Jack Berdies, the incumbent, who has been a thorn in the side of the sporting element, is out for re-election. Smith says that if he is elected it will mean an open town.

Many Fighters Are Wealthy

Jake Kilrain's Assertion That all Great Scrappers Go Broke Is Not Trustworthy.

By T. P. MAGILLIGAN

Prizefighters, as a rule, are poor financiers. Some of the topnotchers have made fortunes when in their prime, and have also squandered their money like the time-honored drunken sailor. Jake Kilrain, who once fought John L. Sullivan for the heavyweight championship, the other day filed a voluntary petition in bankruptcy in the United States District Court in New York. Although he admitted that he had won \$250,000 in purses, theatrical engagements and as boxing instructor, Kilrain's assets were only \$87.10. Kilrain stated that there never was a good fighter who saved or invested his money. But there are facts which show that this has not always been the case. Jim Jeffries, the retired heavyweight champion, is decidedly on velvet. He owns a profitable saloon in Los Angeles, also a big alfalfa farm a few miles away, while his wife has money in her own name.

It is said to have been her personal wealth and also her objections that made Jeff retire from the ring. She is evidently the boss of the household, too, for after the big boilermaker received \$1000 recently for refereeing a fight in France he started out to paint the town, only to have Mrs. Jeff appear upon the scene and lend him home by the ear.

In his own name Jeffries must be worth close to \$100,000. "Hard knocks" served to bring John L. Sullivan to his senses, and for the last three years he has not touched liquor in any form. Today he has about \$50,000 in cold cash to his credit, his only sister, who lives in Arcadia, being the custodian.

JOHN L'S AMBITION.

John L. receives \$500 a week as the star of a burlesque company. He has shaken off all of his old companions, and shuns away at least \$500 every seventh day. His ambition is to run up his bankroll to \$200,000, and then retire to a stock farm, where he can raise fine cattle and horses.

By the time Tommy Burns, who now poses as the heavyweight champion of the world, comes back from Europe, he will probably have nearly \$100,000 in his strong box. Burns is not only a money-getter, but a careful saver, with a splendid financial brain. It is generally believed that if Burns can retain his position at the head of his class for the next three or four years, he will be able to retire the richest pugilist the world has ever known.

BRITT IS RICH.

Jimmy Britt also has the real estate bee, and owns several houses in San Francisco. He is reported to be worth \$100,000, and is still piling up the dollars day by day. Battling Nelson, the Dane, has a good bank account and some valuable real estate, said to be worth in the neighborhood of \$30,000.

Billy Myer, who fought Jack McAuliffe for the lightweight championship twice, was beaten on each occasion, is the superintendent of the Fair Grounds racetrack at New Orleans, and has a bankroll of \$200,000. McAuliffe's assets are his vaudeville sketch, "The King of the Turf," and his racehorse Pierrot, purchased two years ago from James R. Keene.

Charley Mitchell is undoubtedly the richest pugilist in England, if not in the world. He has about \$300,000, and will probably add much to this sum when his father-in-law, Pony Moore, dies. Mitchell made his first big money in America, when he boxed Mike Cleary, and also John L. Sullivan, in Madison Square Garden.

MITCHELL IS RICH.

The first match with Sullivan netted about \$5000 for Mitchell. The second time they were to box in the Garden Sullivan was just winding up a big spree and appeared in street clothes to apologize to the great crowd for his inability to spar. The money was equally divided and Mitchell's share was \$7000.

Jim Corbett has been making money on the stage ever since he stepped fighting several years ago. He is probably worth \$150,000 at least. He has a fine home at Bay Side, L. I., where he passes the summer months. Corbett is a clever business man and knows how to drive a profitable bargain.

Bob Fitzsimmons, who fought for a \$40,000 purse with Jim Hall, but only got a part of the money, is reported to have lost much of the money he earned in the prize ring on his theatrical ventures. He has a farm over in New Jersey, however, and still sports big diamonds. Tommy Ryan, former middleweight champion, has feathered his nest well. He is said to have about \$100,000, in addition to a large fruit farm in Michigan.

OCEAN SHORE FROM WIRE TO WIRE IN MILE DASH

Kismet Getting Makes Runaway Race of Purse Affair—Peter Sterling, the Choice, Disappoints His Backers.

BY LEE DEMIER.

This week's sport at Williams Park was ushered in by a large and not overly classy crowd, but some very good sport was witnessed by a big Monday attendance. Two purse events, which brought together speedy fields, were the redeeming features of the program, and both brought about the defeat of the public choice and resulted in easy victories for the winners.

Boggs was a good horse today, got clear sailing at the head of the stretch, shook off his field and won the opening event, a purse of \$1000. A second out-gauged Currituck for place money.

Cosset ran right back to her last effort, and captured the second, a dash for two-year-olds, in a common canter. Royal Stone ran and improved race and a drive boxed out Captain John for the place.

Jockey McIntyre put over his second winner when he breezed home with Blonday, the choice in the third. The chestnut horse was never in trouble and came on when ready, winning as far as his pleased. Mary B. Clark closed with a determined and quick take place money from Fair Esq.

Ocean Shore, the well played second choice, with "Cricket" Kelly in the boot, had things all his own way in the feature event of the card, which was one around the circle. The Kismet gelding had all the speed, and taking the lead at the start, he carried his lead to the finish. "Sham" hung on well and disposed of the fast coming Vixen Populi for second place. Peter Sterling, the choice, seemed to sulk the first pace, was under a hard drive all the way and only began running when the race was over.

Pontotoc came to life in the fifth and at 7 to 1 made a runaway race of it. The Royal Queen, Bonion, Pamoline, Complaint, Larry Mulligan, Traffic and Laura Clay.

After an absence of seven years Bookmaker Sam Summerfield made his appearance at Williams Park yesterday. Summerfield was operating one of George Rose's big stores at Arcadia during the racing season at that place.

Billy Bain, one of the Bain brothers, dropped in from Denver yesterday. Barney Schreiber said yesterday that he would ship twenty head of thoroughbreds to take part in the Denver summer meet.

Look who's here! Big Bill Henry, fresh from the wilds of Arcadia (Lem-onville), dropped in on his friend yesterday. Henry was connected with Paul Hoffman's big store all winter. It is said that Hoffman cleaned up \$12,000 during the meeting. He will lay up at Los Angeles until the Seattle racing season.

Shaw-Wright Schimmel is here. So is Charley Eckels.

| CHINA REJECTS JAPANESE POSTAL ARRANGEMENTS | |
| PEKIN, April 7.—The Chinese Foreign Board has rejected the proposals made by Japan regarding the reciprocity postal arrangements in Manchuria on the ground that such an arrangement would contravene China's sovereign rights. Japan presented a plan which sought to have Chinese include in its postal route the telegraph stations outside the rail- road zones. The government counsel also has instructed the department of posts to be governed by the China-Japan convention of 1902 authorizing that only Chinese mails be carried on im- perial railways. | |
| Sir Robert Hart, director general of Chinese customs, to whom Japan sub- mitted a statement regarding the pro- posed embodying certain requests, has extended to the Japanese postal privileges on the Chinese northern railroad in the interest of comity. This practically brings to an end the negotiations be- tween the two countries on this matter. | |

ECZEMA SCALES DROPPED OFF.
Sufferer Notes Peculiar Result While Ob-
taining Cure by Use of External
Liquid Remedy.

"I scaled like a fish when I began using D. D. D. Prescription," writes F. J. Warner, of Concord, Pa. "I had been doctored for eczema with two doctors for more than a month and got worse all the time. After using only three bottles of D. D. D. I can truthfully say I am cured."
Germ scales and crustlike skin, surrounding the unhealed sores, are characteristic of eczema and similar skin diseases. According to the best medical opinion, these scales are caused by bacilli feeding upon and consuming the weaker parts of the cuticle.
When these scales fall away, it is a sign the bacilli have been exterminated and that new healthy skin is being formed beneath. Nature takes care of this form of cure, but sometimes the eczema scales multiply faster than nature can remove them. To assist nature, use a mild oil of wintergreen properly compounded as in D. D. D. Prescription.
Just a few drops of D. D. D. Prescription gives instant relief from that awful burning itch. As soon as this potent soothing liquid is applied to the skin, the itch is gone, the sores dry up and the new smooth white skin replaces the scales which had formed.
D. D. D. Prescription is composed of oil of wintergreen and other healing herbs and plants. Hundreds of remarkable cures—cases which the doctors had given up—are now cured by D. D. D. Prescription which is applied externally as a wash. Why not try a bottle of D. D. D. Prescription and stop that awful itch?

People with kidney ailments want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.
Mrs. F. C. Bender, 1334 University avenue, Berkeley, Cal., says: "When I began the use of Doan's Kidney Pills I was troubled so badly from kidney and bladder trouble that I had to get up every few moments in the night. My back ached terribly and I had headaches. I lost much sleep and became greatly run down in health. I noticed that if the kidney secretions were allowed to stand they deposited a dark sediment. Soon after taking Doan's Kidney Pills the trouble disappeared and by the time I had taken the contents of three boxes I could go to bed and enjoy a good night's rest. The backache and headaches were also removed and I am today entirely free from the disease. Occasionally, however, I catch cold and have a little pain in my back, but a few doses of Doan's Kidney Pills quickly removes this remedy with excellent results." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MEXICAN OFFICIALS AND UNITED STATES FLEET OFFICIALS EXCHANGE BEST WISHES AND FELICITATIONS

Rear-Admiral Thomas Says He Wants the Public to Know Always the News of the American Fleet.

MAGDALENA BAY, April 3. (via San Diego, Cal., April 7.)—The relations between the American naval officers and the Mexican authorities, represented in chief by Governor Augustin Sanguinetti of Lower California, ever since the battleships steamed into Magdalena bay, have been most cordial, and mutually pleasant recollections of the stay will be carried away by all who have participated in the friendly functions that have marked the last three weeks. At a dinner given last night by Admiral Charles M. Thomas, in temporary command of the fleet, on board the flagship Minnesota, the exchange of felicitations was characterized by extreme cordiality and gracefulness of compliment.

Admiral's Address.
Admiral Thomas made a brief address in which he commented upon the friendly relations existing between the United States and Mexico, and expressed the belief that the stay of the fleet at Magdalena bay will do much to cement that friendship into permanency. The address coming at a time when the relations of the two countries informally are being discussed in various quarters, was most significant and apparently was highly appreciated by the Mexican guests on board the Minnesota.

Admirals Sperry and Emery were among the American guests.
Governor Felicitous.
Governor Sanguinetti was very happy in his remarks, declaring he believed that Mexico and the United States had been brought nearer together than ever before because of the warmth of the friendship existing between President Diaz and President Roosevelt. Admiral Thomas in his address said:
"Your Excellency, the Governor of Lower California, and officials of the Mexican Government present with us tonight. It is with particular pleasure that I welcome you on board the Minnesota this evening, the representative ship of our fleet in the hospitable waters of Magdalena bay and the enjoyment of your honorable presence is only marred by the absence of our commander-in-chief, which is lamented by us all."
"We of the Atlantic fleet are fully appreciative of the privileges so cordially granted by your government, to utilize the waters of this magnificent bay, the ideal place on the Pacific Coast for the gunnery training of the American navy, and on behalf of my own government, I return to you our grateful thanks for this highly prized consideration shown to us."

Grateful for Courtesies.
"Since the day of our arrival here we have been the recipients of numerous courtesies from Your Excellency and other representatives of the Mexican government, and it is with difficulty that we can adequately repay them in kind, but I assure you they are fully appreciated, and I am of the opinion that the interchange of such civilities will tend to the bringing of the two countries closer together and cause to be brought about a better acquaintance with our southern neighbor in the family of nations, an object dear to the American heart, and that it will tend to the cementing more firmly of our friendship for one another, and the heightening of mutual respect, and my fond wish is that such relations may not only improve from year to year, but last, unbroken, until the end of time."

Swap Toasts.
"Gentlemen, I ask you to join me in this toast: The health, happiness and prosperity of His Excellency, the President of Mexico; the people of our sister republic, and most especially our Mexican friends present with us upon the occasion of this enjoyable reunion."
Rear Admiral Charles M. Thomas, temporarily in command of the Atlantic fleet and the departure of Admiral Evans, is busily engaged getting the multitudinous guests of the fleet in hand.
"I shall not remove permanently to the Connecticut," said Admiral Thomas tonight. "I shall take with me only what I shall require for a few weeks, maintaining my quarters on the Minnesota in case I should wish to come back to them. It is Admiral Evans' intention to rejoin the fleet as soon as he is able to do so."
Admiral Thomas made rather an unusual pronouncement regarding publicity affecting the fleet. "It always has been my belief," he said, "that the public is entitled to know everything concerning the Navy that is consistent with its welfare. There are, of course, many matters of a technical nature which must be kept secret from foreign powers, but these are usually of a kind in which the country would not be interested particularly, anyway."
"It is the people's navy. This is the people's fleet. There is no reason that I know of why we should conceal from them what we are doing so long as essential military secrets are kept inviolate. I think it will be better for the people of the United States and better for the Navy if they know each other more intimately."

"I shall welcome any effort to acquaint the public more thoroughly with this fleet."

French Steamer's Mistake.
The French steamer Maite, of the Chargeurs Reunis line of Antwerp, which ran into the bay Sunday for a glimpse of the fleet, unwittingly came in contact with the Mexican authorities and just escaped having to pay \$500 penalty due before departure was permitted. Several San Francisco persons of prominence were on board the Maite, bound for Southern Mexican ports, and Agent McNear of the steamship company had her put in to afford his passengers a look at the battleships.

Monday, a luncheon was given on board the Maite in honor of Governor Sanguinetti of Lower California and which was attended by several naval officers, including members of Admiral Thomas' personal staff, Messrs Goodfellow, Root and Nash of San Francisco, and several other civilians.

Agent McNear sent the purser of the steamer ashore, where he was detained by the collector of the port. After many

REAR-ADMIRAL THOMAS.

conferences, the Mexican officials fixed the port dues of the Maite at \$500, and it was decided to pay it, but the port officer finally relented and remitted the sum.
The vaudeville performance, given by the crew of the battleship Minnesota last night was the first social function of the season at Magdalena. The show, which has been weeks in preparation, under the direction of Chaplain S. K. Evans, and which was arranged and executed with great detail, was produced on a stage erected on the fore-castle of the Minnesota. It lasted from 8 to 11 o'clock and was attended by nearly a thousand officers and men of the fleet.
Admiral Thomas and Captain Hubbard of the Minnesota, with their guests, occupied choice seats. The whole forward part of the super-structure was crowded. The 12-inch turret was covered, the bridge, and even the tops being covered with spectators.
The stage was of the regulation sort, were entertained at supper.

DISSECT BODY OF DEFENDER OF M'KINLEY

James B. Parker, Who Disarmed Czolgosz, Dies Penniless and Neglected.

PHILADELPHIA, April 7.—Before a class of students at the Jefferson Medical College the body of James B. Parker, colored, was placed upon the dissecting table today.

Parker was the man who beat Louis Czolgosz to the ground and disarmed him after the latter had fired two shots into the body of President McKinley at Buffalo on September 6, 1901.

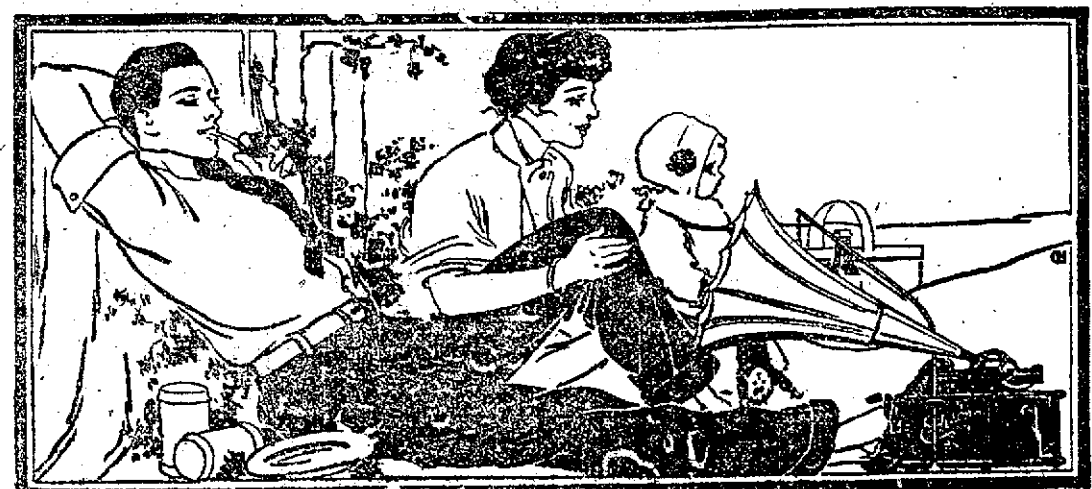

At the time of McKinley's assassination Parker was a Pullman car conductor, but public praise soon turned his head and he gave up his position on the railroad. He subsequently failed to take care of himself, succumbed to tuberculosis, and died penniless two weeks ago in the Philadelphia Hospital, where he was a patient in the insane department.

So far as is known he had no friends in this city at the time of his death, and the body was turned over to the State Anatomical Board. In this way it came into possession of the college authorities.

His brain will be examined by a noted alienist of the city within the next few days, and it is expected that it will prove one of the most interesting studies ever made in Philadelphia.

with canvas roof, front and back curtains, wings, screens, etc., with rigid and fantastic scenic effects. The drop curtain was formed by two huge American flags, and the back curtain pictured the fore-castle of a ship with a background of blue sea. The paintings on the proscenium and wings were of fabled sea-monsters in vivid hues. A regularly arranged row of electric footlights was in front, and a ship's searchlight, mounted in the lower top of the fore-castle, supplied a brilliant spot light. A piano supplanted the conventional orchestra.

King Neptune, wearing gaudy robes and crown and carrying the traditional trident, presided over the ceremonies, surrounded by a court of fantastically dressed sailors dressed in male and female apparel.
The program consisted of monologues, solos, duets, quartette singing, Spanish and dog dancing, burlesque and comedy skits, glee club, instrumental music and other numbers. Much talent was shown in the various features. The chorus was ludicrous and an impersonation of a Spanish dancer by a lithe and graceful young sailor was very clever. A colored quartette was also a feature.
After the performance, all visitors were entertained at supper.

The EDISON PHONOGRAPH

MR. EDISON has succeeded in making the Phonograph so clear and so perfect that its rendition of all kinds of music and other sounds is remarkable and almost beyond belief. Did you ever hear an Edison Phonograph—not the so-called talking machine, but the Edison Phonograph, the one which Mr. Edison invented and which has received all his greatest improvements? If you have not, you do not know how perfect a rendition of sound can be made by mechanical means.

You owe it to yourself to go to the nearest dealer and see and hear the Edison, and especially to ask for the new model with the big horn. A book about it will be mailed free, on request, to any address.

What is Credit?
The definition of the word "credit" means to trust; to honor; to esteem. It means one man's faith in another man's ability to pay for that which he has purchased.

The Breuner Credit Plan
The Breuner easy payment plan is very simple — there is no red tape — you don't have to borrow any money — pick out your furniture or carpets, pay a small amount down and agree to pay the balance in small sums each week or month and we place the furniture in your home ready to use.

What Are The Advantages?
You have the use of the goods while paying for them. If you waited until you had the cash, old age would find you still waiting. You must have furniture to live and if you haven't the cash you should take advantage of our faith in your honor and ability.

Figure it Out
Did you ever stop and figure out how much you have paid in the past year for the use of other people's furniture? Did you ever figure out the difference in the rent of furnished and unfurnished rooms? In your figuring you will learn that in one year the difference in rent would have purchased the furniture.

Own Something
Every year you present your landlord with his furniture. How long are you going to keep it up? The pride of possessing is very strong in the hearts of American people. And no matter how humble — no matter how small, there is a fascination about ownership that makes you a stronger man or a happier woman.

Breuner Service
Means courteous treatment, prompt delivery and best of workmanship. We guarantee every article sold, and when we say guarantee we back it up with our square deal, money-back policy. We would much rather sell you \$50.00 worth of merchandise and have you pleased, than to sell you \$500.00 worth and lose your good will. Our 50 year's steady growth in California proves that only honest methods spell success.

A Beautiful Bungalow Free
To commemorate our Golden Jubilee, we are going to give away absolutely free a \$3500.00, five-room bungalow now being built in Randolph avenue, Oakland. Full information and map of locality on exhibition at our store.
